

DELEGATE KUHIO SUPPORTING LANE

WATSON WILL OPPOSE CATHCART

THE EX-QUEEN ALSO SAID TO FAVOR LANE FOR MAYOR—CATHCART TURNS AN "ALI TABA" JOKE AND CHALLENGES THE ADVERTISER TO PRODUCE REASONS FOR DEFEATING HIM IN ADVANCE OF HIS NOMINATION, NOT AFTER.

Delegate to Congress Kuhio is for John Lane for mayor of Honolulu. Though the delegate has not come out openly in the campaign and in fact is not just now disposed to take an open part, it is reported on what appears to be most excellent authority that he has spoken his preference and the result may be important, especially in view of the deadlocks between the rival forces of Husted and Lucas.

Queen Liliuokalani also, it is said, is anxious to see Lane the first mayor. Her majesty doesn't mix in politics much, but Lane is quite a "protege" of hers, and such influence as she chooses to exert will go for him.

All this may explain Lane's staying in the fight and remaining so calm while the others claimed the majorities. He has had very little to say except that he was up for nomination. It is now being whispered more than ever that he will go into the convention with a following that will surprise the other two. Neither Lucas nor Husted seems likely to get a nomination on the first ballot, even if all their pledged supporters stand by them. On the second ballot, look out for a stampede to the silent young leader of the late Sunday School class.

One argument being used for Lane is that of breaking up the color line movement which is having its usual ante-campaign revival. A Hawaiian at the head of the Republican municipal ticket, it is urged, would stop this deal and would tend strength to all important legislative and supervisory tickets.

Just how far this movement has gone it is impossible to say, but there can be no doubt that Lane is causing both the other candidates a good deal of worry. Nor is there any reason to doubt the truth of the report that Kuhio would like very much to campaign for Lane.

It is practically decided now that E. M. Watson will run for county attorney on the Democratic ticket, against John W. Cathcart on the Republican. Watson has at various times declined to run, but the Democratic leaders have nevertheless insisted upon passing it up to him, as a matter of party duty, and Watson will tackle the campaign. "I don't want to run for the office," he said, when asked about it this morning, "but I am interested in the party and if the party thinks I should run I will do so. If I do, and Mr. Cathcart is on the other ticket, I shall not make nor endorse any personal attacks upon Mr. Cathcart. He is a friend of mine and I recognize as others do his abilities as an attorney."

Cathcart, when seen this morning, was enjoying what seemed to be a very good joke at the expense of the

Advertiser. "I see I am referred to in this morning's editorials as 'All Baba Cathcart,'" he said. "As All Baba was the hero who broke up the den of forty thieves, I ought to feel complimented."

"But there is one sentence that calls for explanation. The Advertiser says that if I am nominated good and sufficient reasons will be given for my defeat. It seems to me that if the Advertiser had good and sufficient reasons to defeat my election, the same reasons should defeat my nomination, and now is the time to save the office."

MONEY FOR MRS. DREIER

LATE CAPITALISTS WIDOW GETS ALLOWANCE OF \$250 PER MONTH.

Mrs. Emma Dreier, the widow of August Dreier, was allowed the sum of \$250 per month for the maintenance of the family home known as Uluani in Judge De Bolt's Court this morning. There was no protest from anyone, the will providing that she should be allowed a sufficient sum for this purpose. The real estate which is left under the will brings in an income of a little over \$5,000 per year, which makes it easy to pay this amount without disturbing the estate in any way. The contest over the will and the trust deed under which the larger part of the property was left, will be fought out to a finish.

TANSAN DON'T PAY

Where to get the stuff, is what concerns those who want TANSAN WATSON, not a fuss over the question of agency. I am, at the present time, and will be for sometime to come, the only person who can fill orders for TANSAN. No third person is authorized to solicit orders to be filled by me, nor will any orders be filled, unless they are given to me personally, and accompanied by the cash.

SECOND FLEET NOW READY TO UP AND AWAY

CRUISERS AND DESTROYERS NOW MOVING TO THE ROADS PREPARATORY TO RUN TO SAMOA AND RETURN—INDEFINITE OF MOSQUITO CONTINGENT'S MANEUVERS—GOOD TIME IN TOWN—DIFFERENCES BETWEEN TWO FLEETS.

Oh, its Frisco to Hawaii, and Hawaii to Samoa, And Samoa back to Honolulu town; And another say in 'Lullie, ere we ups and gets away For old frisky Frisco's paths of gay renown.

We have hollered Honolulu till we're sore of throat and lung; We have tasted of this sample slice of heaven. But, before the final flourish of the battle-bell's been rung, You will see us several times, us cruisers seven!

Yes, us cruisers and destroyers, seven one and seven tother, Are a bunch as what is needed for these sunny, summer isles; We'll not worry 'bout the battle, tho' the experts make a bother— We'll just bask and sing and two-step in the glow of tropic smiles.

Oh, tomorrow we go steaming to the isles where smiles are beaming, No more gladly than they beam, you bet, than right here in Hawaii. And when we've seen Samoa, we will visit you some more, For we love you, dear Hawaii, and our parting bring a sigh.

We love your leis and ladies and we love your pretty places, And there's things in Honolulu what they don't grow anywhere! You are kind of goody-goody, but we're not the kind that's moody. And your churchbells may keep ringing while we has our fun for fair.

Then Aloha, Honolulu! We will never, never forget you, And we're coming back again in thirty days— Fourteen cruisers and destroyers, and we know that you'll enjoy us When we once again invites your winning ways!

WILL SABIN.

First class and second class men ashore till 8 o'clock this evening, and

chief petty officers and special class men ashore till 8 o'clock tomorrow morning, and then get ready for the two-thousand-and-odd-mile scout to Samoa—seven cruisers with seven torpedo-boat destroyers in tow!

Honolulu today seems quiet after four days of the constant procession of men of the Pacific fleet through the city streets.

This morning, early, the first sign of getting ready to move out of the harbor was seen. Wigwags and whistles and flying passengers, bands and bugles, wireless and drills, scurrying guard to bring in some of the boys who last night dined overwell and drank according—altogether there are today lively aftermath doings on the waterfront.

Tomorrow forenoon the fleet sails for Samoa to return here next month and remain ten days. Today the cruisers and destroyers are leaving the harbor preparatory to tomorrow's departure. The flagship West Virginia will be the last of the seven cruisers to leave the basin. The destroyers will go outside at 8 o'clock tomorrow morning.

Less than an hour will be required for the cruisers to pick up the destroyers.

There has been talk of the destroyers, under their own steam, being sent from Samoa to Manila, but there is nothing definite in this regard, any more than there is anything definite in any way in regard to the destroyers, or the cruisers, either, for that matter.

All these recent "practice" tactics of Atlantic and Pacific fleets are indefinite until accomplishment, for at any moment are orders likely to be changed.

The latest knowledge is to the effect that the cruisers will return here with the destroyers and that two of the destroyers, at least, will be left at Honolulu when the cruisers leave here for the return to San Francisco, or to go to Magdalena Bay for target practice, and that later the destroyer Paul Jones will join the Perry and Preble.

The above is a sample of what will be issued the boys of the U. S. S. California while crossing the equator.

CANNOT REPAIR

In connection with the repairs needed on the Hackfeld wharf an investigation this morning brought the following statement showing the actual state of affairs preventing any work being done which will have an appreciable effect. It is from Superintendent Marston Campbell:

"The last Legislature made an appropriation of \$24,000 for construction, repairs and maintenance of wharves in Honolulu, an amount which has proved to be totally inadequate under the conditions which have arisen. The first great expense came when the Matson Company commenced sending its boats here and needed a wharf. The Brewer wharf was constructed for the Inter-Island Company, but when the application came from the Matson people it was given to them and it became necessary to give the Inter-Island something else. It was decided to build a shed on the Sorenson wharf and the sum of \$7000 was taken from the \$24,000 for this purpose.

"In order that the big Matson boats might use the Brewer slip dredging was needed and we were forced to spend \$2000 more. In this manner \$10,000 of our total was used up. That left only \$14,000 for labor, materials, etc., for the entire two years. At present, to last till June 1, we have \$2116.94, which will be entirely inadequate for the regular repair work and a special deficiency appropriation will be asked from the legislature.

"With the knowledge of this financial condition it will be seen that it is impossible to do any more than patching on the Hackfeld dock. What is needed is entire replanking, which would cost \$5000 or \$6000, and which we have not got to spend. This wharf has never been replanked since it was built in 1901 and gets more traffic and heavier traffic than any other similar wharf in the city. That it is in bad condition is very true and the department realizes it, but we have not the money available to go ahead with the work until it is given us by the legislature. The law forbids the running up of bills in excess of appropriations and the Governor will not allow anything of this kind. If we had the money the work would be commenced at once."
